

Keep all text, logos and important
information inside the inner guides

0000001

Embossed numbering

Ensure that all background colours and graphics go all the way to the edge of the template.

Magnetic Strip

Signature Panel (must be white)

When **allowing** for a barcode, leave the background white. This is a scanning requirement.

The barcode can be placed anywhere on your card.

Embossed numbers will show through on the back of the card.
Do not place text in this area.

10000000

Ensure that all background colours and graphics go all the way to the edge of the template.
